Dear Allen:

This is to convey my personal appreciation of the very effective and enthusiastic support which CIA provided to us during the General Assembly just ended.

The work of the PSB (OCB) Committee on the Eighth General Assembly contributed very largely to the effectiveness of the United States Delegation's presentations on several agenda items, notably those on the "germ warfare" charges and on the atrocities in Korea. In addition, the committee compiled a great deal of useful material on a wide range of topics, much of which we were able to put to good use in debate and the rest of which should be of great value to us in the future.

The assignment which this committee undertook was in large measure a pioneering effort. A considerable share of the credit for its effectiveness in this General Assembly belongs to CIA

It is my personal hope that this work which has been so well begun will be continued and further developed in the future. Again accept my thanks for CIA's fine contributions.

Sincerely yours,

/s/

Henry Cabot Lodge, Jr.

The Honorable
Allen W. Dulles,
Director of Central Intelligence
Washington 25, D. C.
